DEVELOPMENT PIPELINE

4 sites

1,000+ units in development

TRANSITIONAL HOUSING

307 units

507 people served

66 placements to permanent housing

- Offers street homeless individuals a safe retreat from life on the streets
- Onsite case management and clinical services meet the needs of clients and help them secure permanent housing
- Safe Haven units are a low-threshold alternative to shelters, making them more attractive to chronically homeless individuals
- Utilizes Housing First and harm reduction approaches
- Onsite services include intensive case management, harm reduction specialists, medical and psychiatric services, and more—all with a focus on helping each individual secure permanent housing

DROP-IN CENTER

261 people served

27 placements to housing

- Currently a small pilot program serving up to 16 people at a time
- Moving toward full intended capacity of 75 people by 2022
- Only facility serving street homeless individuals in Queens
- Wide variety of services—from meals to medical care—help build trust and engage people in the housing process.

COVID-19 EFFECTS

The novel coronavirus has required nearly 50% of our staff to transition to remote work. However, our frontline teams have continued to serve clients without interruption, and we have also expanded a key resource - stabilization beds - to help more of our most vulnerable street homeless clients come indoors to housing.
